There are a lot of activities that are going on over the next several weeks, but most important we are still conducting classes through the end of the day on May 25th. We do ask that you check in at the office as normal. For safety reasons and to keep in line with set school corporation guidelines we ask that after any activity that you **do not** go back to the classrooms (this goes for all grades Kdg - 5). If you need to see the teacher please come to the office and we will call to see if the teacher is available. After scheduled activities the students will be reporting back to the classroom with their teachers to finish out the instructional day. The students will be released in the normal manner each day. Students are not to go into the entry way until they are released by Mrs. Howell. **All changes in transportation must go through the office.** Calls should not be made from here at the school to ask permission for a student to go home with another student. We need to have this information from the the parent/guardian of the student This is all for the safety of our students, which is one of our main concerns here at Cortland Elementary.

Wrapping Up Another Great Year

It is hard to believe we are coming to the close of another school year. This year has been an exciting year for the students and staff of Cortland Elementary School. Cortland Elementary School would like to take the time to thank our students for helping make this a great year. We would also like to thank all of you for making Cortland Elementary School a great place for students. Whether it was attending special events, volunteering for special events at school, helping with homework or school projects, etc. we could not ask for better parental support. We take great pride in our school and know through your support, participation, and actions that you share that same pride. Thanks again for helping us have another successful year at Cortland Elementary School. We look forward to continuing this partnership with you in helping to provide the best possible educational experience for students. **We look forward to seeing the smiling faces of our students as they come back to school on Wednesday, August 9th, 2017.** May everyone be blessed with a safe, fun, and relaxing summer vacation.

To Our 5th Graders

The anticipation of summer certainly brings a sense of excitement as the break brings us the opportunity to do many fun things. Even though this time of the school year brings excitement to many, it also brings about the realization that a great group of 5th graders are about to move out of our school and move on to the next stage of education. With this in mind, we want to take the time to share how delighted we are to have had the opportunity to be a part of your lives and get to know all of you. We have enjoyed watching all of you grow during each year you have progressed through our school. On behalf our Cortland Elementary School, I want to share that we are so proud of all of you and wish you nothing but the best as you move on to the next stage in your life. Always know that you are welcome back here at Cortland and will always be a part of the Cortland School family. We are confident that you will leave your mark at your next school just as you have done here.

Even though it saddens us to see you go on your way, we can't help but be excited about the mountains you will move someday. May you always remember us-your teachers, principal, secretary, librarian, custodians, and cooks as we will always remember you. Good luck in all that you do.

Have a great summer--We look forward to seeing you back at school for the 2017-2018 school year.
